List all courses to be ADDED to your schedule:

Courses may only be **graduate level courses** (i.e. 500-level and above). If the same course is offered as an undergraduate section, the student will be required to take the undergraduate section. It is up to the discretion of the professor if he/she would like to allow Project 60 students to attend the requested course. Students wishing to take undergraduate courses will need to refer to the Project 60 website for course registration information.
